## ABOUT WELDEX

**Weldex** is the largest in Russia international exhibition of welding materials, equipment and technologies by the number of exhibitors and visitors.

### What makes the Weldex exhibition special?

- Demonstration of equipment in action
- Personal meetings and negotiations with top management of companies of interest
- Wide geography of visitors and exhibitors
- Qualitative composition of the audience
- Always up-to-date business program, National Championships and welding competitions

## EXHIBITION SECTIONS

- Welding Equipment and Materials
- Metal Cutting Equipment
- Industrial Robots
- Equipment and Materials for Applying Protective and Hardening Coatings
- Equipment for Quality Control of Welded Joints
- Edge Processing Equipment
- Soldering Equipment
- Welding Personal and Collective Protective Equipment
- Welding Tools and Accessories
- Technical Gases

Co-located with

**FASTENEX**

International exhibition of fasteners and industrial supply

## EXHIBITORS

**168**  
companies

from **4**  
countries

  
Russia

  
Turkey

  
China

  
India

**49**

Exhibitors of new Fastenex  
exhibition from Russia and China

## EXHIBITOR PROFILE

Russian and international manufacturers and suppliers of equipment, materials and tools for welding, metal cutting, soldering, industrial automation, protective and hardening coatings, edge processing, quality control of welded joints, as well as fasteners, hardware and protective equipment during welding.

**8 600** sqm

Weldex and Fastenex exhibition  
space

\* +32% vs 2022

## EXHIBITOR SURVEY RESULTS

found new clients at the exhibition

satisfied with the visitor number

maintained relationships with the existing partners

satisfied with the quality of visitors

satisfied with Weldex 2023

## VISITORS

**6 097**

Unique visitors\*

\* +23% vs 2022

from **74** and **14**  
regions countries

**Record-breaking number of visitors!**

**3 458**

new visitors\*

\* +23% vs 2022

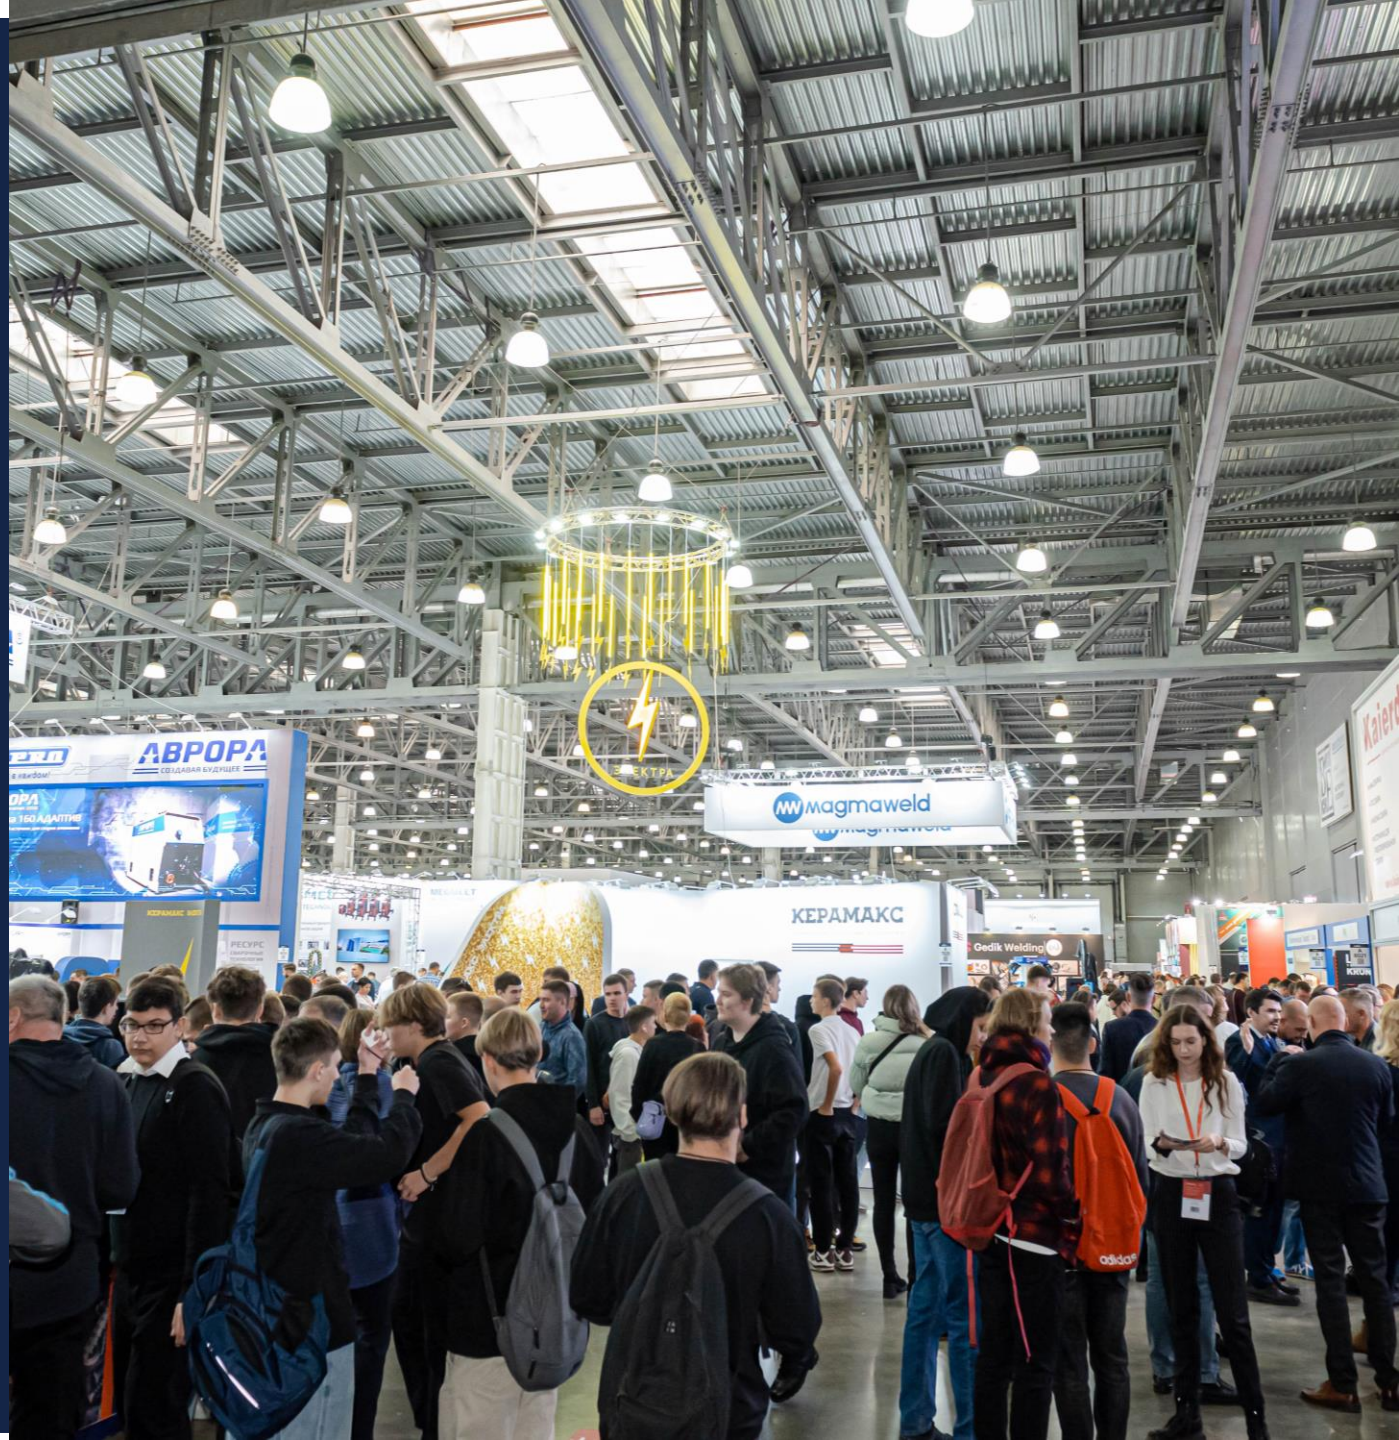

**6 891**

Unique visitors of both Weldex and Fastenex exhibitions \*

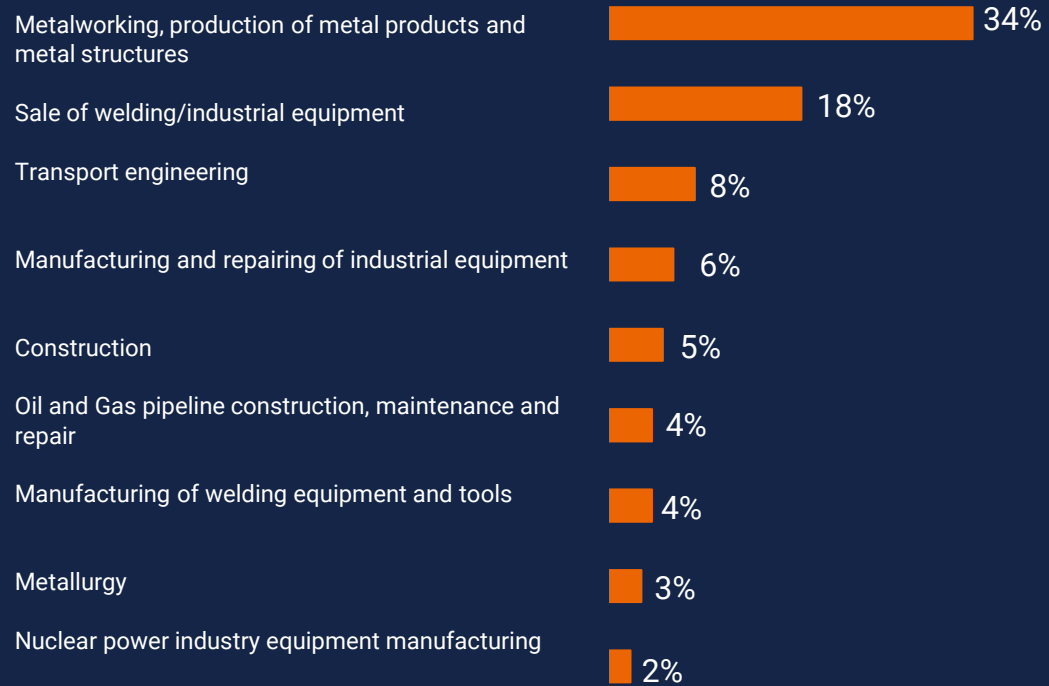

\* +39% vs 2022

## VISITOR PROFILE

CEOs, heads of the departments, business owners, chief technologists, chief welders and engineers, technical specialists from various industry sectors, including metallurgy, machine building, shipbuilding, oil and gas industry, automotive industry, aircraft industry, military-industrial and railway complex, energy, housing and communal services, as well as representatives of trade companies and construction organisations.

## VISITOR PROFILE

## VISITOR GEOGRAPHY

**3 765**

visitors (64%)  
Moscow and the Moscow  
region

**2 156**

visitors (33%)  
Russian regions

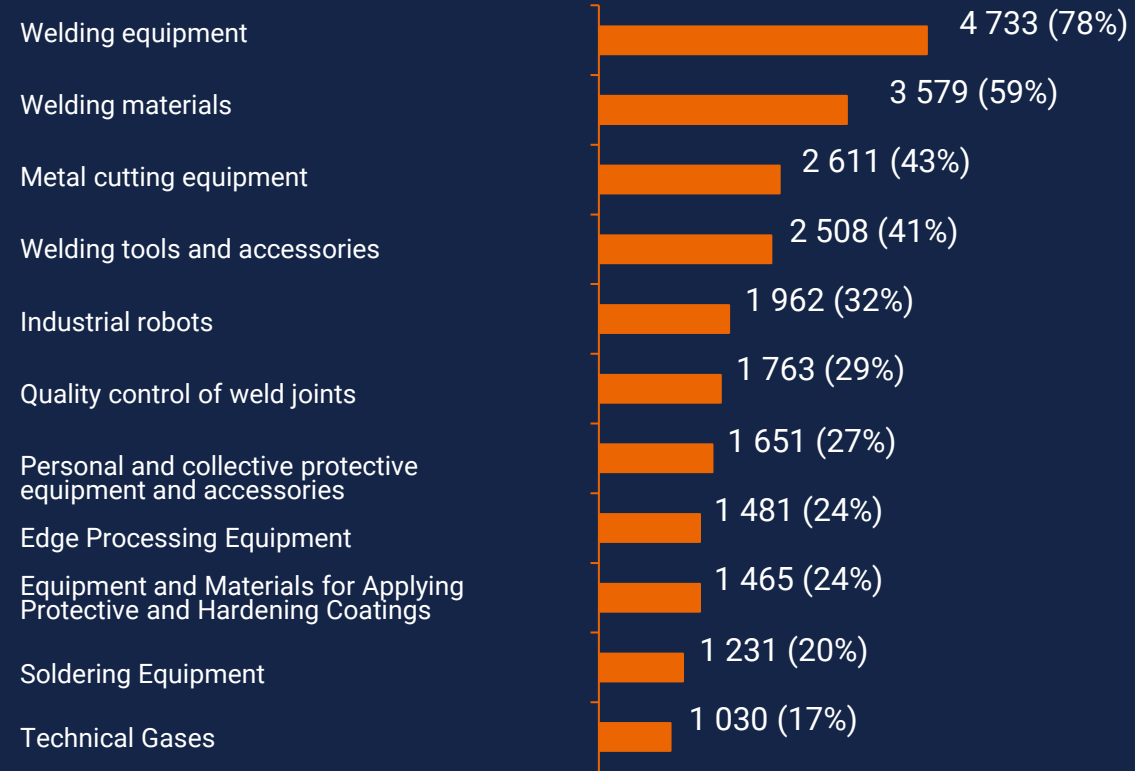

**176**

visitors (3%)  
Other countries

## VISITOR JOB POSITIONS / LEVEL OF SENIORITY

## VISITOR PRODUCT INTEREST

## VISITOR SURVEY RESULTS

87% came to the exhibition to search for products, services and learn trends

93% Influence purchasing decisions in their companies

47% spend more than 20 mln rubles per year for purchasing equipment and materials

78% plan to purchase exhibitors' products

67% specialists don't attend any other shows of a similar topic

74% plan to attend the show in 2024

## BUSINESS PROGRAM

**3** **15** **60** **530**

days events speakers business program participants

### New events of Weldex 2023 business program include:

- Round table “State measures to support welding production. Real cases and prospects”
- Practical session “Best projects in welding and related technologies 2022-2023. Innovation. Speeches by chief welders”
- Practical seminar “Interaction with BRICS countries”
- Panel discussion “Welding at hazardous production facilities. Cases and practical aspects”
- Session “Control of the formation of defects in welded structures and their correction. Flaw detection and NDT in welding”
- Session “Laser welding. Additive technologies”
- Round table “Education and training”

## WELDING WORKSHOPS AT THE EXHIBITOR STANDS

The first National Welding School held a series of master classes at Weldex! Master classes ran at the exhibitor stands.

### Topics:

- Welding of T-joints and the use of welding techniques supported by a nozzle (butterfly) Stand "Uraltermosvar"
- Welding of butt joints using special equipment functions (at the Cebora stand)
- Welding of aluminum with high productivity (at the Uraltermosvar stand)
- A new look at import substitution: 96% - effective repairs instead of write-offs. Welding equipment service (at the Deria stand)

## NATIONAL CHAMPIONSHIP «RUSSIAN WELDING CUP WELDEX 2023» AND CONTEST «WOMEN IN WELDING»

**80+**

Participants  
from

**14**

Russian  
regions and  
Belarus

**22**

Winners and  
awardees

At Weldex 2023, with the support of RNTSO and MMAGS, the National Championship “Russian Welding Cup Weldex 2023” was held for young and experienced specialists, as well as the only professional competency competition in Russia and the CIS “Women in Welding”, which determined the best of the best among specialists in the welding industry

The laureates and finalists were announced on October 12 at a ceremony in the Conference Hall of the exhibition and received valuable prizes from the Sponsors and Partners of the Championships and Competitions.

The background of the entire image is a close-up, artistic shot of a welding process. It shows bright, glowing orange and yellow sparks flying out from a point of contact, with several vertical metal rods or pipes in the foreground, some of which are also glowing from the heat. The overall color palette is dominated by warm, fiery tones.
